

# MEDICAL X-STATIC

Art. 1183

**Classe di rigidità**  
Stiffness class - Degré de rigidité

**Morbido**  
Soft - Souple

**Rigido**  
Stiff - Rigide

**Tessuto stretch x-static 350 gr/mq**  
Stretch x-static fabric - Tissu stretch x-static

2% x-static  
11% viscosa  
5% elasthan  
82% poliestere

h. 24 cm

Nasce il materasso Medical X-Static, un autentico trattamento di benessere. Medical X-Static è composto da un massiccio nucleo di tre poliuretani, che permettono al corpo di assumere una posizione perfetta grazie al progressivo adeguamento dei materiali alla temperatura corporea e memory crystal foam, uno speciale viscoelastico che sprigiona l'energia dei cristalli e favorisce un miglioramento dello stato energetico. Infatti, attraverso il contatto con i micro-cristalli presenti sulla superficie del materasso, il corpo instaura uno scambio da cui derivano molteplici benefici: dalla distensione e ringiovanimento della pelle all'influenza positiva sull'umore e sulla capacità del corpo di assorbire gli sforzi e la stanchezza, dalla diminuzione dello stress all'azione diretta su processi del corpo come la circolazione sanguigna.

The Medical X-Static mattress has been created, a genuine wellness treatment. Medical X-Static consists of a massive core of three polyurethanes, which enable the body to assume a perfect position thanks to the progressive adaptation of the materials to body temperature and memory crystal foam, a special viscoelastic that releases the energy of crystals and promotes better energy condition. In fact, through contact with the micro-crystals on the surface of the mattress, the body establishes an exchange from which derive multiple benefits: from the relaxation and rejuvenation of the skin to a positive influence on mood and the body's ability to absorb fatigue and weariness, reduction of stress and direct action on body processes such as blood circulation.

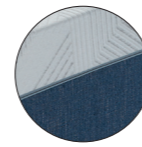

Le matelas Medical X-Static est un traitement de bien-être authentique. Medical X-Static est constitué d'un noyau massif de trois polyuréthanes, qui permettent au corps de prendre une position parfaite grâce à l'adaptation progressive des matériaux à la température corporelle et d'une mousse à mémoire de forme crystal, une mousse viscoélastique spéciale qui libère l'énergie des cristaux et favorise une amélioration de l'état énergétique. En effet, par le contact avec les microcristaux présents sur la surface du matelas, le corps instaure un échange dont sont issus de multiples bienfaits: du raffermissement et du rajeunissement de la peau à l'influence positive sur l'humeur et sur la capacité du corps à absorber les efforts et la fatigue, de la réduction du stress à l'action directe sur les processus du corps comme la circulation sanguine.

### CARATTERISTICHE RIVESTIMENTO

**Tessuto stretch x-static**  
Stretch x-static fabric  
Tissu stretch x-static

**Tessuto Arredo 100% poliestere**  
Furnishing fabric 100% polyester  
Tissu mobilier 100% polyester

**Tessuto 3D 100% poliestere**  
3d fabric 100% polyester  
Tissu 3d 100% polyester

**Poliestere anallergico**  
Hypoallergenic polyester  
Polyester anallergique

**Tela bianca 100 % poliestere**  
White fabric 100% polyester  
Tissu blanc 100% polyester

### CARATTERISTICHE RIVESTIMENTO

**Sfoderabile**  
Removable cover  
Déhoussable

**Antiacaro**  
Anti dust mite  
Antiacarien

**Lavabile a 40°C**  
Washable at 40°C  
Lavable à 40°C

**Anallergico**  
Anti-allergy  
Anallergique

**Air-System**  
Air-System  
Ventilation optimisé

**Asola**  
Buttonhole  
Boutonnière

### CARATTERISTICHE NUCLEO

**Barriera in carbonio**  
Carbon barrier  
Barrière carbone

**Disperde l'umidità**  
Moisture dispersion  
Evacue l'humidité

**Arrotolabile sottovuoto**  
Can be rolled up  
Enroule sous vide

**Antidecubito**  
Anti-bedsores  
Anti-décubitus

**Memoria di forma**  
Memory foam  
Mémoire de forme

**No CFC**  
Without CFC  
Sans CFC

**Ortopedico**  
Orthopedic  
Orthopédique

**Adatto a reti motorizzate**  
Suitable for motorised bed bases  
Adapté aux sommiers à moteur

**Indeformabile**  
Non deformable  
Indéformable

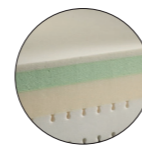

**DISPOSITIVO MEDICO**  
MEDICAL DEVICE / DISPOSITIF MÉDICAL

**DETRAIBILE**

**Non ribaltare**  
Don't overturn  
Pas se renverser

### STRATIFICAZIONI LASTRA / STRATIFICATIONS INNER / STRATIFICATIONS INTÉRIEUR

**Memory bio crystal alto 2 cm**  
Memory bio crystal high 2 cm  
Memory bio crystal haute 2 cm

**Memory hd alto 5 cm**  
Memory hd height 5 cm  
Memory hd hauteur 5 cm

**Polilattex media portanza alto 7 cm**  
Polilattex medium rigidity high 7 cm  
Polilattex rigidité moyenne hauteur 7 cm

**Polilattex firm 7 zone alto 10 cm**  
Polilattex firm 7 zone high 10 cm  
Polilattex firm 7 zones haute 10 cm
